

Jose Vasconcelos

Frontend Developer (Junior)

Location: Almada, Portugal | **Number:** + 351 965838878 | **Email:** tadeo199928j@gmail.com

Portfolio: <https://jose-vasconcelos.vercel.app/> | **Linkedin:** <https://www.linkedin.com/in/tadeo199928j/>

Summary

Junior Frontend Developer with 3 months of professional experience building web interfaces in the streaming domain. Strong in React, TypeScript, and JavaScript, with hands-on testing using Jest, Cypress, and Playwright. Experienced working in Agile/Scrum teams, contributing features in production codebases, and collaborating across design and backend. Former platform integrity/fraud analyst and customer support agent, bringing excellent communication, analytical thinking, and resilience.

Skills

- Core Frontend: React, TypeScript, JavaScript (ES6+), HTML5, CSS3, TailwindCSS
 - Testing: Jest, Cypress, Playwright
 - Tooling: Git, GitHub, Vite, npm/yarn, Figma, Confluence
 - Methodologies: Agile, Scrum
 - Additional: Node.js, PHP, MySQL, Docker, Python,
 - Languages: Spanish (Native), Portuguese (C1), English (C1)
-

Experience

Bedrock Streaming

Internship - Frontend Developer | Lisbon, Portugal | July 2025- Oct 2025

- Contributed to streaming-related web apps using React, TypeScript, JavaScript, and Node.js.
- Worked in an Agile/Scrum team: daily stand-ups, sprint planning, and code reviews.
- Managed code changes across multiple repositories with Git/GitHub (feature branches, PRs).
- Implemented and maintained tests with Jest, Cypress, and Playwright.

Key Proofs of Concept:

Video Manipulation & Eco Experience

- Built an “Eco mode” UI control to adjust video quality/settings for energy-efficient playback.
- Gained exposure to Ad Engines, Video Engines, Redux, and React component architecture.
- Added unit tests (Jest) and end-to-end tests (Cypress/Playwright).

Testing Framework Migration

- Researched/documenting migration from Cypress to Playwright; used Mirage JS for API mocking.
 - Compared trade-offs, proposed a migration plan, and contributed to initial Playwright setup.
 - Explored BDD with Gherkin/Cucumber.
-

Teleperformance Portugal

Customer Service / Fair Play Agent | October 2017 - July 2025

- Monitored and analyzed user activity to detect and prevent fraud and policy violations on mobile platforms (iOS/Android).
- Investigated suspicious cases, identified fraud patterns, and executed actions to maintain platform integrity.
- Handled high-volume customer interactions; developed strong communication, empathy, and conflict-resolution skills.
- Contributed to automation/process improvements to enhance security and efficiency.

Projects

- Portfolio Website — React, TypeScript.

Personal portfolio showcasing projects, live demos, and contact information.

Live: <https://jose-vasconcelos.vercel.app>

- Movie Search — React, TypeScript.

Responsive Web with API the movie db, using React, and TypeScript for the structure.

Live: <https://movie-web2025.vercel.app/>

- Professional Contact Page — React, TypeScript.

Responsive Website for professional use, has point of contact for a Psychologist service

Live: <https://psico-encuentros.vercel.app/>

Education

- University of Helsinki: Full Stack Open — (Full Stack Web Development) 2025 – React, Node.js/Express, MongoDB, TypeScript, testing (Jest, Cypress), modern web practices. (12 ECTS)

- Harvard University (edX CS50) — Introduction to Computer Science 2022 – Algorithms, data structures, C, Python, SQL, web fundamentals, problem solving.

- CEAC Portugal — Professional Course: Full Stack Web Programmer • 2021 – 2022

- Unidad Educativa Colegio Santa María — Science High School • 2011 – 2016

Extra Certifications

- Python Programming and Data Analysis - Mastermind Ac, 2024

- Game Programming with C# - Mastermind Ac, 2024

- Frontend with React - Mastermind Ac, 2024

- Github Course - Mastermind Ac, 2024

- TypeScript - Udemy by Maximilian Schwarzmüller 2025

- Docker & Kubernetes: - Udemy by Maximilian Schwarzmüller 2025
